Pneumatic banding tool (600-068).

#### ICSB-600-052

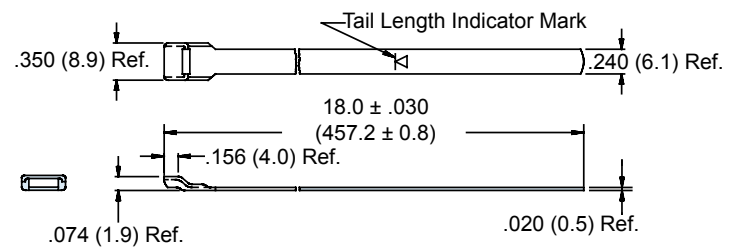

#### Standard band

Band width.....	6.1mm
Head width.....	8.9mm
Length (±1.5mm).....	362.1mm
Band thickness.....	0.5mm
Head thickness.....	1.9mm
Double wrapped bands can be used for OD up to...	45.7mm

#### ICSB-600-090

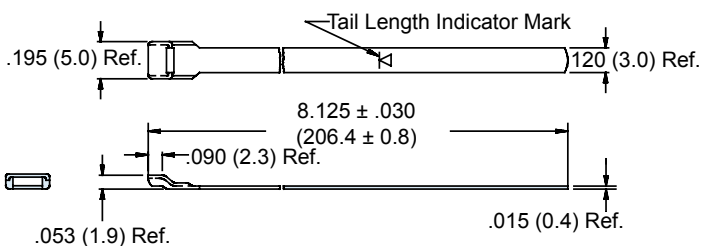

#### Extended length band

Band width.....	6.1mm
Head width.....	8.9mm
Length (±1.5mm).....	457.2mm
Band thickness.....	0.5mm
Head thickness.....	1.9mm
Double wrapped bands can be used for OD up to...	63.5mm

#### ICSB-600-0057

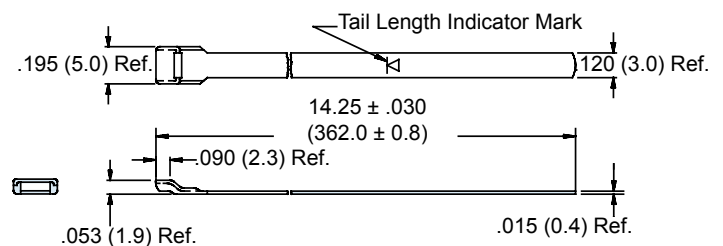

#### Micro band

Band width.....	3.0mm
Head width.....	5.0mm
Length (±0.8mm).....	206.4mm
Band thickness.....	0.4mm
Head thickness.....	1.9mm
Double wrapped bands can be used for OD up to...	22.4mm

#### ICSB-600-083

#### Extended length micro band

Band width.....	3.0mm
Head width.....	5.0mm
Length (±0.8mm).....	362.0mm
Band thickness.....	0.4mm
Head thickness.....	1.9mm
Double wrapped bands can be used for OD up to...	47.8mm
